Osseo Assisted Living Residence Expansion Complete *Public invited to ribbon cutting and tour*

OSSEO – After breaking ground on an expansion project five months ago, Dove Healthcare – Osseo is set to open 16 one-bedroom apartments in November. The addition to the assisted living residence on the south end along Highway 10 includes more parking space, two lounges, and a laundry room.

Regional Director of Operations Jeremy Kiley commented, “The existing 24 apartments are occupied with a waiting list. Time is of the essence to open the 16 new apartments so area seniors can receive care and support close to their home community.”

The community is invited to attend a “Home for the Holidays Tour” on Wednesday, November 13 from 3-5PM. The event will feature a 3:30PM ribbon cutting ceremony, holiday music, hors d’oeuvres, and tours of the new addition.

Administrator Bryce Miles added, “It’s been an honor for our team to serve Osseo and the surrounding communities with assisted living, short-term rehabilitation, and post-hospital care since 2015. We invite those attending the open house to help us kick off the holiday season and bring non-perishable food items to support our area pantries. As a thank you, those donating will be entered for a door prize.”

For more information about the assisted living apartments located at 51017 Ridge View Road in Osseo, contact Administrator Bryce Miles at 715-597-2493.
